PRODUCT DESCRIPTION

The dōTERRA Emotional Aromatherapy System is a revolutionary organization of aromatic plant families around a continuum of emotions for a simple, profound approach to using fragrant essential oils in emotional aromatherapy applications. Individual essential oils can be used with great effectiveness by skilled aromatherapists. dōTERRA makes emotional aromatherapy easy and accessible for anyone dealing with common negative emotions with a new line of proprietary essential oil blends representing six categories of emotional well-being.

Each delicate blend contains pure, therapeutic-grade essential oils that can be used aromatically or topically to help balance and brighten your changing moods. Just a few drops of these naturally complex, fragrant blends can elicit profound emotional responses to help you let go of burdens, find comfort and encouragement, or inspire you to dream with passion again.

DIRECTIONS FOR USE

- Use aromatically in an essential oil diffuser.
- Apply 1 or 2 drops in your palms, rub hands together, cup in front of your nose, and inhale deeply (do not touch eyes).
- Dilute and apply topically to aromatherapy touch points such as the back of the neck, on the wrists, and over the heart.
